Watertight LED Block

For powerful lighting in difficult operating conditions (Humidity, Stair steps, etc.) choose our LED blocks encased in U-shaped aluminum blocks which are watertight, thanks to their resin coating.

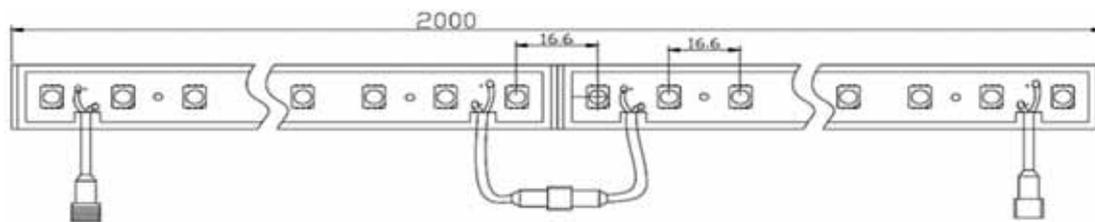

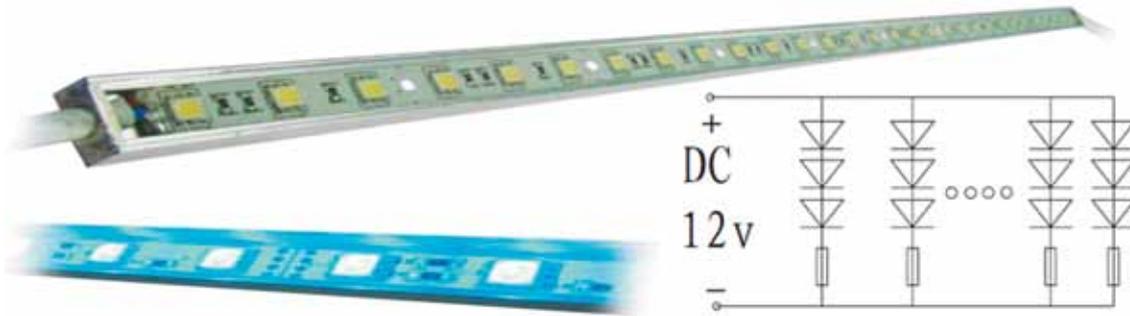

Our illuminated blocks use multi-chip technology. Each block offers highly efficient lighting, as a result of their cleverly designed electronics and wide-angle LEDs.

The brushed aluminum exterior of these 50cm or 1m LED blocks gives them an elegant appearance. The LEDs, within the groove of the U shape, emit a strong but pleasant and diffused light.

Operating lifetime of roughly 50 000 hours. The block ends are water-tight, foolproof stuffing box assemblies. Cable termination plugs and mounting brackets included.

Products meet the following standards:    Subject to modification without prior notice

Technical Characteristics

Model	LED Type	Number of LEDs	Length (mm)	Color	Voltage (V)	Current (A/m)	Power (W/m)	Luminous Flux (lumen/m)	Beam Angle
B5060WW30-IP68	LED 5060	30	0,5	Blanc chaud	12	0,6	7,2	280	120°
B5060WW60-IP68	LED 5060	60	1	Blanc chaud	12	1,2	14,4	560	120°
B5060DW30-IP68	LED 5060	30	0,5	Blanc froid	12	0,6	7,2	360	120°
B5060DW60-IP68	LED 5060	60	1	Blanc froid	12	1,2	14,4	720	120°
B5060RGB30-IP68	LED 5060	30	0,5	RGB	12	0,6	7,2	120	120°
B5060RGB60-IP68	LED 5060	60	1	RGB	12	1,2	14,4	240	120°

- Available on request in other monochrome colors or multicolor RGB.
